

CURRICULUM

In all classes, teachers provide developmentally appropriate activities and materials to help children learn and grow at their own pace. Teachers combine structured daily routines with free-choice activity times, allowing the children to explore their own creativity while relying on the comfort of a warm, loving classroom. Our curriculum includes discovery-based experiences that give each individual child the opportunity to move through carefully planned learning centers. Additionally, the children participate in a variety of musical and artistic activities, as well as outdoor activities that foster the development of social skills, strength and coordination. Children attend music class and chapel time each week and flourish with the individual attention they receive in our small class sizes.

PARENT'S DAY OUT

This program offers a safe, nurturing environment that allows children to explore the world in which they live. Theme-based activities encourage the development of language and vocabulary. Class time includes free play in learning centers, circle time, outside play, snack, art activities, unit study, songs, fingerplays, lunch time, and rest time. Centers include dramatic play, blocks, puzzles, manipulatives, art, sand & water, Legos, and books.

PRESCHOOL

In addition to the activities of the Parent's Day Out classroom, our teachers incorporate The Frog Street Press and AlphaTales curriculum. Our sequential learning curriculum has been developed to prepare children for the academic challenges of kindergarten.

Preschool classes are taught by a certified teacher and an aide. The Preschool curriculum includes:

Math—Many hands-on activities are provided and monthly math concepts include counting, sorting, number recognition, measurement, etc.
Phonics—Curriculum is based on a letter-of-the-week program and provides opportunities to learn sounds and recognition of letters.

Literacy—Children are given exposure to print through books and varied reading and writing experiences. Enrichment classes include Music, Science, Movement, and Chapel.

TRANSITIONAL KINDERGARTEN

Chapel Hill offers Transitional Kindergarten class for 5 year olds. Please see our Transitional Kindergarten brochure for more information.

CLASS SIZES

Our classes are kept small so children receive individualized instruction in an environment which is conducive to learning and exploring.

Ratios are:

OUR MISSION

Chapel Hill's mission is to provide positive "hands-on" learning experiences that foster spiritual, intellectual, social, emotional, and physical development in preschool children. We have incorporated an outstanding preschool curriculum to offer your child the very best in learning opportunities. This, combined with a loving, spiritual environment, offers children a safe place to grow and learn.

CLASS COMPOSITION

Children (18 months—3 years old) are grouped according to age as of September 1st and remain in the same class for the year. Children must be potty trained before they are accepted into the preschool program (3 and 4 year olds).

TEACHERS

All of our classes are taught by experienced, highly qualified, and enthusiastic teachers who far exceed minimum licensing requirements, and who are all trained in pediatric first aid and CPR. Our teachers participate in ongoing professional development and work in teams to provide quality experiences for children.

What Makes Chapel Hill Special?

- ◇ Our families share Biblically based values, resulting in a cooperative partnership with the school.
- ◇ Our school maintains low student-to-teacher ratios for optimum instruction.
- ◇ Our staff of highly qualified teachers create a nurturing and caring environment for optimal learning.
- ◇ Chapel Hill Children's School is a caring community where children learn and grow in God's word.
